There were typographical errors in the recently published paper.¹

The correct form of Eq. (38) is

$$\mathbf{P}_{OUT} = \frac{I^2 \hat{\mathbf{r}}}{2(4\pi r)^2} \sqrt{\frac{\mu}{\varepsilon}}. \quad (38)$$

The correct form of Eq. (44) is

$$\frac{\partial}{\partial t} \left(\frac{\mathbf{B}^2}{2\mu} + \frac{C^2}{2\mu} + \frac{\varepsilon \mathbf{E}^2}{2} \right) + \nabla \cdot \left(\frac{\mathbf{E} \times \mathbf{B}}{\mu} + \frac{C\mathbf{E}}{\mu} \right) + \mathbf{J} \cdot \mathbf{E} = \frac{\rho C}{\varepsilon \mu}. \quad (44)$$

The correction to Eq. (38) results from correction of Eq. (B5)

$$\mathbf{P}_{OUT} = \frac{I^2 \hat{\mathbf{r}}}{2(4\pi r)^2} \sqrt{\frac{\mu}{\varepsilon}}. \quad (B5)$$
